

Andrew K. Curley

For Saint John's Senate Activities and Allocations Board

My name is Andrew Curley and I am a sophomore Political Science major and History minor from Sioux Falls, SD. I am seeking election to the SJS Activities and Allocations Board. I feel that I am a strong candidate for the Saint John's Senate because of both my past experiences with leadership roles and my strong desire to leave Saint John's University in better shape than when I arrived on campus. If I am elected to the Activities and Allocations Board I will:

- ❖ Ensure that the voices of all those who desire funds from the AAB are heard.
- ❖ Strive to ensure the interests of every student on campus are represented by a campus organization.
- ❖ Ensure that the funds that are allocated are spent in a responsible fashion.
- ❖ Allocate funds according to the desires of the entire student body.
- ❖ Ensure that the club assessment process is done in a fair and ethical manner.

As a Senator I will strive to:

- ❖ Forge a more cooperative, working relationship with the St. Ben's Senate.
- ❖ Ensure that the Senate is engaged in responsible spending practices of the Student Activity Fee.
- ❖ Ensure that the Senate is striving to best serve the student body that it represents.
