

Jordan Differding

FOR SAINT JOHN'S SENATE

Student Services Board

My name is **Jordan Differding** and I am a Sophomore Communication/Pre-Medicine Major from Minneota, MN. I know I could be a vital member in representing the student body of SJU and this is the reason I am running for SJS Student Services Board. I recognize various changes that would benefit the Saint John's campus and its students and I believe the Saint John's Senate is the best medium through which to put my ideas into action. My goals include:

- Orienting more activities for the “Johnnies” on campus i.e. providing events in the pub coinciding with sporting events on the big screen, grilling out or providing tail-gating options before the football games, and possibly providing similar areas like the “Rat Hole” in other dormitories.
- Enhancing the relationship between Joint Events Council and Student Activities with the Senate.
- Looking and evaluating what is already present on our campus in regard to activities and finding ways to make them better instead of always thinking of something new.
- Being a student that is willing to not only listen to the student's thoughts, comments, ideas and opinions, but do my best to put them into action to show that the Senate is here for them.
